Our Vision Statement

Vision Statement:

To unify true followers of
Jesus around the world.

To win and grow true followers of
Jesus around the world.

To transform darkness into light, slavery into
freedom, death into new life, despair into hope,
weakness into power, and mere believers into
true followers all for the glory of God.

Who We Are

Red Gone White Church exists to be an agent of transformation and a source of light in a dark and dying world. We believe Jesus is coming back within this generation. We believe our online church and this cutting edge model will reach and engage with potentially millions of people who would not have ever entered a traditional church building.

You can come here anytime and attend a church service that you customize. This includes the opportunity to testify and be heard and to ask for prayer and to actually get prayed for as a result.

We have created very unique and powerful tools to help new believers grow in their faith, and mature believers stretch in their walks and mere believers become true followers of Christ.

Our message is transformation resulting in hope and power. The old is gone. The new is here. Blindness transforms into vision. Fear transforms into faith. Captivity transforms into freedom. Victims transform into victors.

We teach that it is time to live!
Live the life God intends and has designed for you to live.
Welcome to Red Gone White Church:
Where transformation begins.
